

## Domestic

**ABSHADE<sup>®</sup>** Domestic grade shadecloth is especially designed for the hardware & fencing industry. The Light and Medium shade factor ranges are ideal for hardware sales into the domestic market for use over pergolas and fixed frames. Also used for the building and fencing industry.

**ABSHADE<sup>®</sup>** Domestic should not be used in sails or other tension applications as the cloth is not designed to tolerate heavy wind loads. Nor are the fabrics suitable for nurseries who require a very accurate shade factor.

**ABSHADE<sup>®</sup>** Domestic carries a **10 year UV Warranty.**

PRODUCT	COLOURS	ROLL WIDTH	ROLL LENGTH
<b>Domestic Light</b>	Black or Green	1.83m	50m
		3.66m	50m
<b>Domestic Medium</b>	Black, Green or Sandstone	1.83m	50m
		3.66m	50m

Nominal Shade		<b>Light</b>	<b>Medium</b>
Construction		Knitted HDPE	Knitted HDPE
		Mono/Mono	Mono/Mono
Weight		170gsm	200gsm
